COURSES OFFERED

NEET REGULAR COURSE – For students Joining Junior Intermediate (NEET, AIIMS and JIPMER Coaching along with Intermediate)

Course has been designed especially to cover the depth and breadth of competitive examinations preparation with focus on conceptual clarity and minimizing errors in the exam. The objective is to ensure an admission into medical college.

NEET LONG TERM COURSE – For students who have completed Intermediate (NEET, AIIMS and JIPMER Coaching)

It builds on students' basic knowledge acquired during the first attempt, by assessing weak areas of performance and strengthening those. The objective is to work closely and intensively with the student to facilitate considerable rank improvement under the guidance of highly qualified faculty (mostly PhDs).

NEET CRASH COURSE (NEET, AIIMS and JIPMER Coaching)

Course has been designed to strengthen the students in certain topics of high importance and a revision of all concepts along with regular tests and daily assignments. The objective is to improve the performance in the exam.

The testimony for the excellence as shared by those who are now living the dream.

“Varma Sir shaped my ability to think beyond conventional methods”

- Dr. Vivek Panuganti
(Urologist, from Osmania Medical College)

“Varma Sir assures that I was always motivated and in the right path”

- Dr. Hemanth Kumar
(MDS, resident specialist in oral & maxillofacial surgery at Osmania Dental College)

An institute that ensures a smooth transition from School to College

ABOUT VINJEE

We are established to lay a path for the students who are aspiring for a better tomorrow. Registered with the Board of Intermediate Education (BIE), we offer the best coaching for NEET, AIIMS and JIPMER along with intermediate.

We are a team of compassionate, highly experienced, knowledgeable, dedicated & student friendly faculty, who will be all along to help your child, focus on systematic study, positive approach, attain excellence and fulfill academic dreams.

With NEET being conducted at national level as a single entrance for various medical colleges, its pertinent to follow a methodology that brings the best to ensure success at national level and We at VINJEE understand it and are willing to provide you the best at every stage of your preparation.

Our ideal classroom design creates an effective learning environment that nurtures your child's physical and psychological well being, enabling success in academics.

Our Vision

To be the most trusted educational institution for NEET.

Our Mission

To exceed our student's expectations with innovative and outstanding coaching for NEET by providing quality teaching with an aim to guide students to achieve success.

An expert in the subject of high repute. He is also the author of **"Organic Chemistry"** by Pearson Publications which is a guide to every IIT/NEET aspirant.

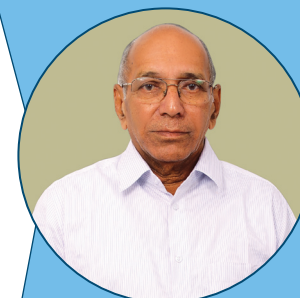

For the past 15 years he is imparting knowledge and enabling students to be successful in various competitive exams.

He is a source of inspiration to everyone to both students and faculty as well.

His punctuality and passion towards classes creates an awe-inspiring atmosphere.

Learning is always made easy with his guidance. Chemistry is no longer a complex subject when learnt from sir.

He is a MENTOR, Advisor and a source of strength for everyone of us at VINJEE.

I.S.S. Raju
Vice chairman &
Faculty of Chemistry
Experience : 52 years

D. Y. Varma
Chairman &
Faculty of Physics
Experience: 22 years

His students who have graduated from AIIMS, AFMC, Gandhi Medical College and Osmania Medical College is a testimony to his success in shaping young minds to achieve their dream to become a DOCTOR.

Life lessons along with physics made him unique blend of teacher and mentor.

He believes that every student is unique, needs attention and has different strengths and weaknesses. Understanding this and guiding accordingly is his Mantra for success.

He is widely known as 'Physics Varma Sir' among students. Many students approach him for career guidance. His way of teaching is psychologically strengthening and motivating students regularly to make them stay focused till they achieve their goals.

His teaching methodology ensures success not just in entrances, but even after joining professional college, which makes him special as vouched by numerable students.

A teacher of high repute with a passion for the subject and a concern for student's success.

Her impeccable work ethic is in itself a motivation for students in their preparation.

Madam being compassionate, understands every student's concern and guides them to realize their dream of becoming a doctor.

She is a driving force for many students who are successfully practicing medicine.

B. Padmalatha
M.Sc., B.Ed.
Head of the department Biology
Experience : 10 years

WHY VINJEE

At VINJEE, every student is treated at par without any bias, with each student's success as a Motto.

VINJEE provides a comprehensive coaching for aspirants eyeing to crack entrance exams, AIIMS, JIPMER and NEET. We believe that any aspirant can become successful, provided he/ she is guided by experts and 100% efforts are put in. To ensure the best preparation, VINJEE incorporates expertly-created study material, specific exam approach, comprehensive teaching pattern and well-monitored performance tracking to bring out the best in every student.

Improvised methodology of teaching at VINJEE ensures perfect and consistent coaching for AIIMS, JIPMER and NEET. The teaching methodology is so unique and holistic that it generates excellent classroom discussions. Each and every lecture is planned to make sure that the content delivered is standard, complete and finished in stipulated time. Every effort is made to make the concepts crystal clear to the student.

With the centralization of exam process, competition to obtain an admission into medical colleges has become quite dynamic and sharp. While hard work and practice are still the two most precious elements, a well-crafted, specialized exam plan is the need of time to beat the crowd. Keeping this in mind during the whole session of NEET entrance coaching, regular periodic tests and daily practice papers compatible to the pattern and complexity of questions in NEET exam that keep the aspirants in sync with competition and challenges of NEET.

Our CRT helps you to monitor the attentiveness of your child in class with a test every Saturday to test the overall proficiency in the topic.

A/c classrooms with limited strength, that has auditorium like design with diffused light system to ensure that every student will be in the field of view of teacher.

Healthy students are more alert, engaged and able to concentrate and learn better. With utmost concern for your child's well being and health, we ensure classrooms, corridors and wash rooms are pristine and hygienic.
